LARGEST ECONOMY IN AFRICA

**Richest
Economy
in Africa**

Nigeria is a country in need of many goods and products. Even if the local market of Nigeria is in a constant state of development, the country relies on imports greatly.

**7th Most
Populous
Country
in The World
191 Million
People**

Nigeria Holds **43%** of All Projects in The Total Project Value in Africa

Nigeria's economy will grow by **2,1%** in 2018.

Nigeria builds around **100,000** homes annually. Unsurprisingly, this means the construction industry in Nigeria is booming.

Many analysts see **Nigeria's** growth continuing even further into the future, and by 2050 it is expected to become one of the **top 20 economies** on Earth.
